Urgent please.

Office of the Executive Engineer,
Ghataprabha Left Bank Canal Divn.,
Ghataprabha P.O., 10th Apr. 1951.

No. G-56

To

The Superintending Engineer,
Karnatak Irrigation Circle, Dharwar.

Subject: Professional Examination for Class I and II officers of the B.S.E. for the year 1951-52.

I have to appear for the Professional Examination for B.S.E.(I) officers and all my Deputy Engineers except Shri. R.D.Gupte, have to appear for Professional Examination for B.S.E.Class II during the month of June 1951.

2. To enable us to appear for the examination, we must have at least two months easy time prior to the examination to prepare ourselves. During the current year, however, the months of April and May are goint to be the busiest months for this Division. A portion of the new Ghataprabha Left Bank Canal is goint on on day and night on earthwork and cross-drainage works and there is hardly any time to spare for study. Besides the programme of Minor Irrigation Works is also very heavy and day and night working is goint on on 4 bandharas to complete them before June and give advantage of irrigation to the cultivators during this Kharif season.

3. In my opinion it is not advisable to compel the Deputy Engineers to divert their attention from their urgent work to the studies during the months of April and May. During the latter part of June and during the month of July, however, the pressure will be considerably slackened and spare time will be available for study. All the Deputy Engineers in my Division have therefore represented to me that the Professional Examination may be held early in August which is the most suitable time for the purpose.

4. Under the circumstances I would request you either

(i) to kindly postpone the dates of the Professional Examination for B.S.E.class (I) and Class (II) officers in the Southern Circle to the 1st week of .....

of August 1951,

or

(ii) to exempt myself and my following Deputy Engineers and Asstt. Engineer from appearing for the Professional Examination during the current year.

Deputy Engineers

(1) Shri P.D.Jaeel (2) Shri L.A.Koshti

(3) Shri M.S.Tatti (4) Shri D.B.Kanagalekar

(5) Shri N.A.Sirsi (6) Shri A.V.Shankarrao

(7) Shri V.V.Deshpande

Assistant Engineer

Shri. M.G.Padye.

SAP/-.

No. G-56 / 3 Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar, 21st April 1951.

To

The Chief Engineer to the
Government of Bombay,
Public Works Department,
Bombay-1.

Subject : Professional examination of Assistant Engineers and Deputy Engineers.

The professional examination of Assistant Engineers and Deputy Engineers is held once a year on the last monday in June according to rule 6 printed as accompaniment to Government Resolution, P.W.D.No. 630/36 dated 9-10-1942. Accordingly, the examination for the current year is proposed to be held by the Superintending Engineer, Southern Circle, at Belgaum from the 25th June 1951. In this connection the Executive Engineer, Ghataprabha Left Bank Canal Division has represented that the date fixed for the examination is not at all suitable to him and also to the Deputy Engineers serving in his Division. A copy of this letter No. G-56 dated the 10th April 1951 is enclosed herewith. Similarly the Executive Engineer, Dharwar Irrigation Division has also reported that all the officers in his Division will be very busy and preoccupied with the execution of repairs to Minor Irrigation works from Loan Programme, and it would, therefore, be very difficult for them to devote attention to studies before appearing for the examination. There is much force in what the Executive Engineers have reported and I entirely agree with the views explained by them.

2. The period upto June is the busiest time of the working season and it has been the experience that the officers are fully engaged on outdoor work during this period. Consequently they get hardly any time to devote to the studies unless at the cost of efficiency towards their legitimate work and handicap to the progress of work. It appears to me that in other Divisions also the officers must be feeling the same difficulty to divert their attention during

the .....

the working season.

3. I, therefore, suggest that the date of examination may conveniently be postponed to some time in the last week of September or beginning of October every year. This will allow the officers a period of two to three months during the monsoons which is very necessary for preparing themselves for the examination. I request that Government may kindly be moved to modify the orders accordingly.

4. As the division may take some time, orders postponing the date of examination for the current year from June 1951 to September or October 1951 may kindly be issued early as a special case.

Sd/-

Superintending Engineer, K.I.C.

Copy forwarded with compliments to:-

The Superintending Engineer, S.C., Belgaum;

EXPRESS LETTER. 5-

From Bomworks,Bombay.

To: The Superintending Engineer, Karnatak Irrigation Circle, Dharwar.

No. PEG 1151-E. Public Works Department,
Bombay Castle(Bombay No.1)
16th May 1951.

Subject:Progessional Examination of Assistant and Deputy Engineers.

-...

Reference:Your letter No.G.56,dated the 21st April 1951

2. Your proposal to postpone thedate of the Professional Examination of Assistant and Deputy Engineers for the current year from June 1951 to September of October 1951, cannot be approved. The Examination for the current year shoyld be held on the due date,i.e. on the last Monday in June 1951. All Assistant and Deputy Egineers concerned should please be informed accordingly without delay.

3. The general question whether the annual Professional Examination of Assistant and Deputy Engineers should be held in September or October instead of in June from next year is under consideration and necessary orders in the matter will be issued in due course.
